From Our Corner...

Just before we came down to the office Sunday afternoon to work on this week's turkey we were looking in our den from the doorway and for the life of us we can't figure out where all this extra stuff came from...before Dane and Amber arrived it was pretty much in shape to move into, the davenport had been cleared off, stuff had been hidden some place, we don't know where, but it is evident it wasn't far away as it has made a renewed appearance...the desk top was cleared off for our typewriter, but now you can't even see the top of it...

Right now our bride of 40 years is planning on going to Ohio with our Traverse City family this Thursday to help Toni get settled...we have been thinking maybe that would be a good time to weed out a bunch of stuff while she was gone...but, then on second thought I would probably throw something away that she has treasured all these years and I would end up losing my happy home...John mentioned once before he could leave his pickup truck outside the window and all I would have to do is pitch the stuff out...at least I have gotten some sympathy from part of the family...T.J. and Stefany don't say too much because that is where we store things they play with when they would come from T.C.

With their move to the Buckeye state we will be able to take the girls' things upstairs, if there is room there...it is real easy to accumulate stuff in 40 years...that is if you don't throw anything away...our bride's favorite saying when I would want to pitch something was, maybe we will have a use for that some day...they don't make trucks big enough to clear out our little barn, basement, upstairs and downstairs of stuff we don't need, or use, or ever will use...

I mentioned to Thelma a while back to go through her stacks of magazines so we could make room for other stuff...she can't do that she said, when and if I ever have a yard sale I may get a nickel a piece for them...I can't imagine a person who would even pay a nickel for a slightly used Woman's Day magazine of possibly five years vintage...unless they had a chick sales, and I think they're outlawed now...

We're still keeping the faith though...maybe in the fall when golf is over with, and bowling hasn't started we may be able to work it out that the room becomes our den instead of a catch all...

We can hear Thelma now when she comes in Wednesday night to pick me up...you just had to write about your den again, didn't you?...and me...the problem Sunday was that I couldn't think of anything else to fill this turkey with, so thought that would make fair copy...and we always like to write about the truth of the matter...

When you read this, Grayling will be about in the middle of their Milltown Festival celebration so why don't you check the schedule on the front page and try to take in some of the festivities...Saturday is the big day with the parade at 2 o'clock in the afternoon and the 240 mile Budweiser sponsored AuSable River canoe marathon from Grayling to Oscoda to start in the evening...check the list and have fun...

It is beginning to be count down for the general primary election set for Tuesday, August 7th...there are numerous races for nomination on the Republican and Democratic tickets, plus candidates for non-partisan seats...this is the fore-runner for the general election in November when the people will elect the President of the United States...this is the most important asset a person living in a free country has...the privilege to vote for the man of their choice...we urge everyone to exercise that privilege and go to the polls Tuesday, August 7th and vote your conviction...it is through this freedom that America remains free...

This takes care of this beauty for this week so we will bid T.J., Stefany and Amber goodnight and to all of our readers plan on spending some time in Grayling during the Milltown Festival...there are many things planned for young and old...so come, and join in the fun and also the excitement of the Canoe Marathon...

The Bible Speaks

From Calvary Baptist Church

FOUNDATION OF AMERICAN LAW

Daniel Webster once gave a beautiful statement of the basic foundation of our American Republic: "Our ancestors established their system of government on morality and religious sentiment. Moral habits, they believed, cannot safely be trusted on any other foundation than religious principle, nor any government be secure which is not supported by moral habits. Living under the heavenly light of revelation, they hoped to find all the social dispositions, all the duties which men owe to each other and to society, enforced and performed. Whatever makes men good Christians, makes them good citizens."

Constitutional Government by law is based to a large extent upon Sir William Blackstone's Commentaries on the Laws of England. With no written teaching or learning to teach law, Blackstone used his lecture studies at Oxford given in 1753 as a basis for his Commentaries. Blackstone grounded all human laws in the law of God as revealed either in nature or in the Holy Scriptures. Concerning these foundations Blackstone wrote:

"Upon these two foundations, the law of nature and the law of revelation, depend all human laws; that is to say, no human laws should be suffered to contradict these. There is, it is true, a great number of indifferent points, in which both the divine law and the natural leave a man at his own liberty; but which are found necessary for the benefit of society to be restrained within certain limits. And herein it is that human laws have their greatest force and efficacy; for, with regard to such points as are not indifferent, human laws are only declaratory of, and set in subordination to, the former. To instance in the case of murder: this is expressly forbidden by the divine, and

demonstrably by the natural law; and from these prohibitions arises the true unlawfulness of this crime. Those human laws, that annex a punishment to it, do not at all increase its moral guilt, or superadd any fresh obligation in foro conscientiae (in the court of conscience) to abstain from its perpetration. Nay, if any human law should allow or injoin us to commit it, we are bound to transgress that human law, or else we must offend both the natural and the divine. But with regard to matters that are in themselves indifferent, and are not commanded or forbidden by those superior laws; such, for instance, as exporting of wood into foreign countries; here the inferior legislature has scope and opportunity to interpose, and to make that action unlawful which before was not so."

The basic foundation of government by law in this country, would require of us to square every law by the Bible and the constitution, repealing those which conflict as offensive to God. Such humanistic and subjective judgments as the Supreme Court decision to allow abortion is a classic example of such deviation from foundational law. It is offensive and contrary to both the laws of nature and the laws of God. One young man purchased a barrel full of used books which included Blackstone's Commentaries for 50 cents. To him and his contemporaries, Blackstone and law were nearly synonymous terms. His name was Abraham Lincoln. America needs more allegiance to Bible law, and more Abraham Lincolns to serve us in government. (adv.)

Grant Awarded for Reuniting Families Project

In Fiscal Year 1983, a grant was awarded to RAIN-BOW Runaway Program of Northeast Michigan Community Service Agency in Alpena by the Department of Health and Human Services for the purpose of developing a demonstration project which would strengthen and unite families. This project, one of 150 funded nationwide, was selected out of 6,000 requests for funding.

REUNITING FAMILIES (RUF) will identify and help youth between the ages of 12 and 17 and their parents. Many times families who experience communication problems have difficulty

coping with problems and pressures which arise and are considered to be in a "high risk" category. If problems are left unresolved, pressures build and can have serious results such as emotional stress, physical illness and possible break up of family units. Reuniting Families Program will encourage the development of improved communication and problem solving skills between adolescents & their parents through an intensive training program.

The program is designed to combine proven effective methods in a format which

treats the family as a whole rather than separate parts. An initial weekend long retreat type of experience followed by six follow-up weekly reinforcement sessions will teach youth and parents how to communicate effectively.

The project will consist of six complete training cycles held within a fourteen county area. The Program for Crawford, Montmorency and Oscoda County residents begin August 3rd and run through September 14th. The deadline for application to the program for this area is July 31, 1984. Area agency referrals and general public requests will be taken and screened for program participation prior to each training cycle.

The training team will consist of professionals and volunteers who will participate in the intensive weekend training and support the follow-up groups throughout their duration. Area agencies and families who are interested in participating or receiving additional information of the program can contact Julie Robarge, Reuniting Families Project Coordinator, at 1-800-292-3003 or in Crawford County call Roscommon 275-8884.

Completes Army ROTC Training

Janice M. Chambers, daughter of Clare E. and Joan L. Chambers of 461 E. Higgins Lake Drive, Roscommon, has completed training in fundamental military skills at the Army ROTC basic camp at Fort Knox, Ky.

During the encampment, cadets received training in basic rifle marksmanship, military drill and ceremonies, communications and individual and small unit tactics.

Chambers plans to enter the ROTC program at Western Michigan University, Kalamazoo.

Petitions Filed For Voter's Choice Tax Amendment

Warren M. Hoyt, Executive Dir., MPA

Petition signatures were recently delivered to the office of the secretary of state as supporters of the so-called "Voter's Choice" amendment met the filing deadline in an effort to get the question on the November general election ballot.

A statewide commission immediately voted unanimously to oppose the initiative should it earn a "not on the ballot."

The petitions arrived in Lansing under guard by private security personnel and held in two separate vans until they were delivered to the secretary of state's office for filing.

Jim DeMar of Mt. Clemens, presiding officer of the Voter's Choice Committee, said they filed 351,684 signatures although they had collected over 400,000 signatures, but they had culled questionable signatures before filing.

Of the 351,684, some 12,128 are immediately in doubt because they were collected on petitions where unauthorized changes were made by a California firm after the petition language had been approved by the State Board of Canvassers.

The board later denied a formal request to approve the petitions.

DeMar said without those petitions, the group had 339,566 signatures which were "more than enough" to cover any challenges to gain the requirement of 304,001 valid signatures to qualify for the ballot.

Elections Director Chris Thomas said there was no specific cushion figure that needed to be met to survive such challenges.

He noted, however, that the higher a group gets in the 80 to 90 percent range, the more difficult it is to qualify.

Thomas noted that in 1982 the Michigan State Troopers

Association only needed to validate 67 percent of a total of 425,000 signatures to qualify while the group calling for capital punishment filed 310,000 signatures and needed 93 percent to qualify.

The troopers easily qualified while the capital punishment question was denied a slot on the ballot because of insufficient signatures.

With 339,566 signatures filed by the Voter's Choice people, 90 percent would have to be valid to qualify for the November ballot.

The Voter's Choice amendment would roll all taxes back to their 1981 levels and disallow any tax increase unless approved by the general public.

The amendment would also limit all non-resident city income taxes to .5 percent, affecting the current 1.5 percent rate on non-residents of the City of Detroit.

Meanwhile, the Commission of the Future of Higher Education voted to oppose the initiative.

James K. Robinson, chairman of the commission, said the initiative would obviously lead to a substantial decrease in state support for higher education.

"At a time when a great system is in jeopardy, such a decrease would be disastrous," he said.

Robinson said voter approval of the proposed amendment would force the curtailment and revision of major efforts now being considered by the commission to retain and enhance the quality of the higher education system.

He further suggested the amendment would allow a small minority of the governing board of an institution of higher education to "Paralyze an institution and use votes on financial matters to leverage policy in other areas."

MARCH OF DIMES APPRECIATION — Sally Hartig, secretary for the Saginaw Bay chapter of the March of Dimes (which includes Crawford County) presents Dean Molnar, manager of the Grayling McDonald's, with a plaque commending him and his business for their contributions to the March of Dimes during the past several years.

Youth Symphony In Kirtland Concert Aug. 7th

The International Youth Symphony Orchestra of Blue Lake Fine Arts Camp will be in concert at Kirtland College on August 7th at 8 p.m. in the air-conditioned Stewart Auditorium on campus. This excellent orchestra was a crowd pleaser last summer at the Roscommon High School and their performance this year features European conductor Mr. Karl-Heinz Bloemke and a special piano soloist.

The concert is sponsored by the Roscommon Arts Council and that organization is making arrangements with families in the community to house the members of the orchestra overnight on the evening of August 7th. According to Sara Chervin, Chairperson of the Home-stay committee, anyone interested in being a host family to two or more of the youths from the orchestra should contact her at 275-8174 or 275-5723.

Blue Lake is best known for the Fine Arts Camp it operates each summer at three sites about six miles east of Whitehall. Over 4,200 talented young musicians — mostly from Michigan and other Mid-western states — are expected to attend Blue Lake this summer. Since 1970, when the International Exchange Program began, nearly 3,000 high school musicians have visited most of the countries in Western Europe on Blue Lake sponsored performance tours. In return, nearly 5,000 members of 80 European and Japanese musical and dance groups have come to Michigan to perform in communities throughout the state. The International

La Leche League Meeting Notice

"Nutrition and Weaning" will be the topic for discussion at the August meeting of the Grayling-Roscommon La Leche League. The meeting will be held on Thursday, August 2 at 7:30 p.m. at 906 Smith Street, Grayling. This is the last meeting of this series; a new series of meetings will begin in September in Roscommon.

La Leche League believes that mother's milk is the best food for baby; more importantly, that breastfeeding gives the baby the best start in living.

The discussion will include suggestions about nutrition for nursing mothers and their families; starting the baby on solid food; and information about weaning the breastfed baby.

Any interested woman is welcome to attend. Expectant mothers are encouraged to attend the series of meetings before the baby arrives. Babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

With the Army
In West Germany
Army Pvt. Barry A. Wilson, son of Buzz L. and Joyce R. Wilson of Grayling, has arrived for duty in Baumholder, West Germany.

Youth Symphony Orchestra, which will perform at Kirtland, is one of the European musical organizations that will visit Michigan during 1984 as part of the Exchange Program.

The American players stay in private homes while in Europe, just as the Europeans are hosted by American families when they tour here. Last year Blue Lake groups were hosted by nearly 1,300 families in Austria, Belgium, France, Germany, and the Netherlands and 800 families in 32 Michigan communities hosted members of seven European and Japanese groups that visited Michigan.

**NEMCSA Serves 11 Counties
With Surplus Commodities**

Northeast Michigan Community Service Agency, Inc. is the regional administering agency for the Title II USDA Commodities Program. NEMCSA serves eleven counties through this program which are Alcona, Alpena, Arenac, Cheboygan, Crawford, Iosco, Montmorency, Ogemaw, Oscoda, Otsego and Presque Isle. The service area currently has 10,550 registered households (28,870 persons).

In Crawford County approximately 650 households (1,850 persons) are receiving surplus commodities each month. This is nearly 20% of the population of the County. Since the beginning of the program, Crawford County has received nearly 39 ton of Title II surplus foods with a dollar value of \$107,252. This includes 57,780 pounds of cheese, 13,728 pounds of butter, 2,472 pounds of non-fat dry milk, 2,088 pounds of

honey and 1,440 pounds of rice.

Many community organizations have volunteered to assist with distribution of foods during the program duration and deserve mention for unselfish community service. The first 18 months of the program was handled by the Crawford County Commission on Aging. In recent months, distribution took place at Northern National Bank. As of July, 1984, surplus products are being distributed at the Grayling Eagles #3465. The Eagles are donating the use of their facility as a public service to help low-income people in Crawford County during a time of economic need. As this program could not operate without the willing participation of many volunteers, the community gratefully acknowledges all those who donate time, service and space.

The August distribution has been set for Tuesday, August 7th, 1984, from 10:00 a.m. to 3:00 p.m. at the Eagles Club on M-72 East in Grayling. Cheese, butter and rice will be available to registered households at that time.

**Voters of

IS MOST ASKED OF ME —

- ★ Yes, I will do what I can to cut unnecessary spending and do my best to stay within the Sheriff's budget. (I did so in the past, 1973-76)
- ★ It is hard to make any promises beyond that, as I do not have access to the Sheriff's proposed budget for 1985.
- ★ In Nov., 1983, due to budget problems, the County Commissioners asked the Sheriff and Undersheriff to take a pay cut of one day a month. It is my understanding that they refused. I am told by some of the County Commissioners that the problems still exist.

Should I Win the Election and be Elected Sheriff,
I Will Voluntarily Take a Wage Cut of \$1,000.00

For the Year of 1985.

- ★ I know that a \$1,000.00 will not solve the County budget problem but it will be my contribution and a way to show you I am sincere in my promise to help cut the Sheriff's budget.

Glen's Market & Family Center

Grayling, Mich 49738

July 17, 1984

Dear Mr. Madsen:
Glen's Market would like to take this opportunity to express its appreciation as well as support for the Crawford County Dial-A-Ride system.

We would also like to express our opinion that the Dial-A-Ride system plays a larger role in the life of the community than is commonly recognized.

Many individuals will support the system because it expands the social contacts and improves the basic lifestyle of many of its passengers. This is especially true when we consider that the vast majority of Dial-A-Ride passengers are children, senior citizens and handicapped persons. Most of these individuals do not have a viable transportation alternative.

However, it is no less true, but perhaps less well recognized, that Dial-A-Ride systems play a vital economic role in their service areas.

In this respect, the Crawford County Dial-A-Ride system brings no less than an average of 50 shoppers a day to the Grayling Glen's Market. Fifty customers a day is not an insignificant number to any business organization, not even for one as large as Glen's Market.

The basis for Glen's Market's support for the Crawford County Dial-A-Ride may be summarized by the following points:
First, we believe the system provides a safe, useful and needed service which cannot be practically supplied in any other fashion.

Second, we believe the benefits of the service are a well-balanced blend combining the best interest of both individual and business needs within the community.

Third, we like the idea that

the Dial-A-Ride concept represents a social program whose benefits are available to all. Young or old, rich or poor, hale or handicapped, every person can participate equally in the benefits of the system.

Fourth, those the system helps most, the very young, the very old and the handicapped, are those who need the help most.

Glen's Market and Family Center encourages all citizens to exercise their democratic right and responsibility by participating in the August 7th, 1984 primary election. The management and workers at Glen's Market also hope that the citizens of Crawford County will give the utmost consideration to supporting the Dial-A-Ride millage 'renewal' issue. Because the issue is a 'renewal' voters support of the issue will not result in an increase in property taxes. Rather, such support will be maintaining a service which renders a vital personal, social and economic contribution to the entire county.

Sincerely,
Denny Freeman

Marlon Ayers Feted at Stanley Jubilee

Top independent Stanley dealers and sales management in the nation who are "going places" this year were recently invited to a recognition celebration in Westfield, Massachusetts, hosted by the Stanley Home Products Division.

Marlon Ayers, of Frederic, was feted at the "Going Places Jubilee" which included a stage play, "Love Boat" masquerade party, award ceremonies, and dinner under the stars.

A group leader, Ayers has been associated with Stanley for one year.

Last week's Recreation Program was a challenging one for all of us. The following activities took place:

On Monday, we took a group of youths on a hiking trip up in the Frederic area. The kids seemed to love the wildlife and nature, but the one thing they didn't seem to like were the sore feet afterwards!! Overall though, the kids enjoyed themselves.

On Tuesday, we took the kids bowling in the morning and played softball in the afternoon.

On Wednesday, the kids played a fun game of Miniature Golf.

On Thursday, our Open Recreation group went swimming at Pine Knoll.

This week's thank you goes out to the nice people at the American Legion Lanes, Skip Madsen of Milltown Miniature Golf, and Lary Gust of Pine Knoll.

Next week's Recreational Schedule includes: Miniature Golf on Monday starting at 10:00 a.m. A two-day camp-out - Our campers will meet at the office at 10:00 a.m. on Tuesday and will return to the office by 2:00 p.m. Wednesday. Please, no little creatures of any kind!! Thursday's Open Recreation group will be playing New Games in the morning and at 1:00 p.m. will be going to Mr. Adams Photography Workshop.

Dill Seed

One teaspoon of dried dill seed is equal to one head of fresh dill.

If you've looked into the cost of higher education, you know the price tag is higher today than ever. And, while most everybody agrees college is a solid investment in the future, the idea of paying the bills can be very unsettling. Fortunately, there's an option to consider that may help ease the burden.

This short quiz will help you sort out what you know — and what you don't know — about financing a college education in these times. And, it can give you directions on how to find the best solution to fit your needs. Ready? Begin.

1. College costs are continuing upward. What resources are available to help cover the costs?
2. What is a guaranteed student loan?
3. Who qualifies for a student loan?
4. Just how low is "low" interest?
5. How much can be borrowed?
6. Is loan eligibility limited to those attending a particular type of school?
7. When does the loan have to be repaid?
8. Where do I apply for a low-interest student loan?
9. How long does the application process take?

Time's up. Pencils down. Now, compare your responses to the answers that follow. If you got them all correct, congratulate yourself for being pretty smart. If not, congratulate yourself for taking this test to learn more. That's pretty smart, too.

ANSWERS:

1. Most college educations these days are paid for with a combination of personal resources, scholarships, grants and government-guaranteed, low-interest student loans. The Financial Aid Director at the school you want to attend can provide details on which of these would apply to you. That's a good place to start.
2. Such student loans were developed by the federal government to make paying for college easier. As the term implies, the interest rate is lower than in conventional

loans. Payment to the lender is guaranteed by the U.S. Government.

3. Loans are available to full-time students who live in our area, whose parents have an annual adjusted gross family income of \$30,000 or less. For those students with parents in the over \$30,000 bracket, an evaluation by the school determines the amount that can be borrowed, based on need.
4. The interest rate is set by the U.S. Government. Currently, that rate is 8% per year for new borrowers in the program, well below other prevailing rates on conventional loans.
5. Qualified, full-time undergraduate and vocational students may borrow up to \$2,500 per academic year for a total of \$12,500 during their college career. Full-time graduate/professional students are eligible to borrow \$5,000 per academic year to a cumulative total of \$25,000 during their college years.
6. Enrollment in most accredited institutions qualifies the student for consideration. That includes technical, business, vocational, nursing and other specialty schools. Check with the Financial Aid Director at the school if you're in doubt.
7. The repayment process does not begin until after the student leaves school.
8. Applying for a guaranteed student loan at our bank is easy. So it's a very good place to start. We believe in helping area students. It's a commitment we think will help strengthen the future of our community. Applying for a student loan at our bank is easy. Just contact any neighborhood office. The people there will be happy to give you all the facts.
9. Since the time required to process your application through governmental channels can take anywhere from four to ten weeks, it's wise to apply as early as possible.

So, if the question is... How do I pay for college?... we have some interesting answers.

Dear Whitey,
I was extremely happy to hear that all my labor over the years has not been in vain.

It does a teachers heart good, to learn his dedicated pupils have benefited from those long hours of instruction.

I have always taught by example, the precision-like quality of my swing must have been imbedded in the minds of Paul and Tom as they strived for excellence on the links last week.

Of course, I'm far too humble, as always, to except all the credit for their recent achievements, after all, they did supply the clubs and golf balls.

Just knowing that Tom can still walk has made my day. He's two years older than water. I can imagine Paul waiting patiently on number 8 tee, slowly and deliberately selecting the proper iron to hit. Paul has always been a great iron player. He invented the Chinese hook out of his love of nature during one of his leisurely rounds of golf.

Keep up the good work students. Carl Henry, if you and the "WHIP" would like to enroll in one of my refresher courses just send six Strohs cans to the following address; "full".

RSVP Reports

Sherry Haag, Dir.
Welcome to news of the Retired Senior Volunteer Program. Summer is an especially busy time for everyone and persons 60 years of age or older are no exception. Many RSVP volunteers have relatives visit during these warm days. However, they still manage to find time to spend a few hours serving in their community.

Because of all the activity, RSVP is in need of persons who would like to substitute at the various stations in the community. Hartwick Pines Bookstore, Grayling Fish Hatchery, Historical Museum, Chamber of Commerce and Meals-On-Wheels are just a few of the places where volunteers serve and subs are needed. If you'd be willing to help out occasionally, give the office a call at 348-4341 or 348-8322.

Don't forget, Milltown Festival is July 24 - July 28 with lots of activities for everyone. Thursday, July 26, 1984, is Heritage Night. One of the highlights of the evening will be an evening costume stroll. The stroll starts at the Historical Museum at 7 p.m. Old time dress is encouraged. Remember to visit the museum during Milltown. There are many unusual and interesting exhibits to see. The museum is open 10 a.m. to 4 p.m. Monday through Saturday and 1 p.m. to 4 p.m. on Sunday.

All-Stars Win Opener, Lose In Finals

The Grayling 13-year-old All-Stars scored six times in their last at bats to beat Rogers City 10-9 at Indian River in the opening round of tournament play.

Trailing 9-4 in the bottom of the seventh, Mike Van Hill led off with a walk, Ron Bancroft walked, and after a ground out, Joe Ruddy singled home two runs. Steve Peterson and Bud Ostrowski walked to fill the bases before Chris Skidmore walked to bring in another run. Derrick Christman hit a two RBI single to tie the game, and after Frankie Robins walked, Van Hill drove in the winning run with a single.

Ostrowski was the winning pitcher in the opener. In the second game for the right to travel on in tournament play, Grayling was nipped in extra innings by Sault Ste. Marie 5-4.

The big blow of the game for Grayling was a three-run triple by Ruddy in the fifth to tie the game at 4-4.

Dear Mr. Madsen,
It isn't very often that a community as a whole has an opportunity to support a service program that has consistently grown and improved over the past several years.

I would like to share with your readers the continued invaluable service Dial-A-Ride is to this community. As assistants to the handicapped and elderly in this community they provide careful service and the mobilization that many elderly folks need.

Please take time to vote for assured independence for many people throughout our county. Vote Yes for Dial-A-Ride proposal on August 7th.

This Saturday the 28th we will be having a beer tent down at the Legion beginning at 10:00 a.m. and going until ??? We want everyone to know that our beer tent is open to the public. We will be featuring our famous chili dogs!!!

Why don't you plan on stopping down Saturday and celebrate the Milltown Festival with us.

Our Post and Auxiliary have put together a float as well as our Junior Auxiliary members. If you missed them on the 7th of July why don't you check them out Saturday at the parade. Many people have worked very hard making these floats and Roselyn asked me to thank everyone. Also a big thank-you goes to those that pulled our floats.

Our President Sharon and our Secretary Roselyn are currently attending our Convention down in Dearborn. We should be hearing excellent reports of the goings on when they arrive back home.

It's good to see Mary Jane back bartending again. Since Patsey's been hurt we have had various Legionnaires working behind the bar. I knew you guys could do it if you set your minds to it! It would be nice to see Patsey back full time holding down the fort though. Hurry and get better Patsey.

As many of you are already aware, I am seeking the Republican nomination for the office of Sheriff of Crawford County. In doing so I join a formidable and longstanding Republican Candidate. I am doing so because I feel the voters benefit most when there is New Blood; New Ideas; and Spirited; though Friendly, differences of opinion from which to choose.

Over the course of the next few weeks I will be doing all I can to present to you my Qualifications, Views, and Goals for the years ahead. (I will be running newspaper ads; using responsibly placed signs; and most important; meeting with as many of you as possible to answer your questions, as well as get your viewpoint on important Law Enforcement Issues concerning us all.)

In these upcoming days I will be visiting each township, knocking on doors and attending as many functions as time will permit. I will make myself available whenever possible with candid views on the Present and Future problems facing Crawford County Law Enforcement.

I thank those of you who have already pledged their support to this effort and welcome the challenges that lie ahead. If, after the next few weeks, you find yourself in agreement with my goals and proposed policies I would appreciate your support in the August 7th Primary.

Grayling Wrestlers Attend Camp

Two of our wrestlers, Ron Wyman and Brian Kernstock attended a week of extensive training and workshops in Ann Arbor from July 15 through July 20. The Wolverine Wrestling Camp was held at the University of Michigan campus, and was attended by over 200 boys from several states in the Midwest.

On Thursday during the camp, there was a tournament to end the week of training and competition. Brian Kernstock took a 4th place in the 130 lb. weight class, and Ron Wyman took the championship in the 157 lb. weight class.

During the past wrestling season Brian wrestled for Coach Bill Bedford at the Middle School, and Ron wrestled for Coach Don Ferguson at the High School.

village of the early 1900's. The Danish Church would be the first building to be reconstructed in the village. These items were also tabled until after the millage election; the feeling being that if the millage does not pass, there would be no purpose in discussing these projects or the consideration of full-time management at the park.

Dial-A-Ride

(Continued from Page 1)

"One nice aspect of this type of service is that it works out so well for all parties concerned. On the one hand, by combining the pick ups and deliveries with its regular routes, Dial-A-Ride can significantly increase its revenues without appreciably increasing its expenditures. While on the other hand, it is providing a service to consumers at a lower price than they can provide it to themselves."

Chappel summarized by saying: "The system has plenty of room for growth and improvement. But the basis of an excellent heavily utilized rural mass transportation system already exists. If the Crawford County voters support the Dial-A-Ride millage renewal issue on the August 7 primary ballot, I believe we can continue to expect some very good service from the system in the future."

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

Not long ago I wrote about the Bedcats which were once very common around old abandoned logging camps. The bedcat evolved from the association of bedbugs with bobcats.

Since the nesting season for a very unusual bird is now taking place, I thought it would be appropriate to identify the source of some piercing calls that may be heard occasionally in the Tall Timber.

The Gillygaloo is a long-legged, grouse-sized bird that reminds one of a young turkey if you see it on the ground. The neck is quite long and the head appears to have a slight crest. The gillygaloo is extremely rare and seldom seen, but its one outstanding characteristic is that it builds a square nest in which is laid one to three square eggs. These eggs are a bit larger than dice and, in fact, were once hard-boiled for the shantyboys and used as dice. Since the yolk is perfectly centered in the egg, the resulting dice never were loaded, so an honest game of craps could be played.

Since the gillygaloo is seldom seen, I suggest you listen for the sharp cries of "ouch" filtering through the tree tops as the birds are laying eggs.

IN MEMORIAM

In loving memory of Larry Balch who died July 26, 1982. They say time heals all sorrows and helps us to forget, but time so far has only proved how much we miss you yet. God gave us strength to face it, but what it meant to lose you no one will ever know. Our hearts ache with sadness, our eyes shed many tears. God knows how much we miss you at the end of two long years. Sadly missed by wife "Boots", children, grandchildren and great grandchildren.

The museum will be open for visitors during the Milltown Festival as much as possible. The R.S.V.P. office has scheduled volunteers for the festival days and some evenings. It is hoped that some of the Historical Society Committee members will visit the museum as extra helpers during the festival.

Chamber Chatter

By Joyce Koika

The news that the Light Infantry Division will not be coming to Grayling, has not lessened our appreciation for the existing Guard activities.

For the last several years the community leaders, business and government people under the umbrella of the Chamber of Commerce have held a "Welcome" affair for the visiting guard. At first it was a special luncheon for the "out-standing soldier" of each state. Tribute was paid to the young man or woman with gifts of remembrance from the Grayling Merchants and Financial Institutions. The soldier of honor usually was accompanied by his Sergeant, Commanding Officer, and the Adjutant General and his staff of their state. This went on for several summers and then it was decided to pay tribute to the Enlisted Men, all men of Sergeant rank, at one reception and then hold another for the Command Staff, from Generals to Captains to Lieutenants. There are 10 of these receptions being held and the states that are honored are Kentucky, Ohio, Indiana and Michigan. The Chamber of Commerce, the sponsor of the receptions, charges the civilians \$5.00 for food and refreshment and an evening of comradeship. The Military are guests. It's an ideal opportunity for the local people to meet with our summer visitors. Believe me, the Guard really appreciates our warm and friendly gesture of our hospitality. The receptions are held this year near the new chamber building and the next scheduled one is for July 23 for Michigan Officers and July 26 for the Michigan EM's. Indiana will be here in August. The Reception hours are from 5:00 p.m. to 7:00 p.m. and most are held at the Chamber of Commerce. The Chamber urges its members and all business and professional people to attend these receptions and show the Guard how much we really appreciate their contribution to our economy.

Now for Milltown, long dresses, arm bands and straw hats are very much in vogue this week for our annual festival. Friday and Saturday brings the larger than ever Arts & Crafts Fair in the City Park with a concession stand in the pavilion. Also Friday and Saturday there will be Sidewalk Sales downtown and a Flea Market and Sidewalk Sales at the Mini-Mall. On Friday afternoon, the Governor's Review at Camp Grayling beginning at 4 p.m., is very interesting to see. Dial-A-Ride will be taking a tour to the camp at 3:30 for those who do not wish to drive their own car. The Dial-A-Ride Tours will all begin on the south side of the American Legion Hall. Mike Delp will be reading his poetry in the Arts Council Room at the Mini Mall Friday evening at 7:30.

All day Saturday a dunk tank in the City Park will be sponsored by the Arts Council. The American Legion is having a beer tent on Saturday. The Tennis Tournaments are on Saturday and Sunday at the High School. Kids registration for the fishing contest begins at 5 p.m. for those 16 years and younger. Events leading to the big Budweiser AuSable River Canoe Marathon begin in the afternoon about 4 p.m., with races in the evening. All in all, this certainly looks like an exciting week for Grayling and its friends. We sincerely hope everyone has an enjoyable time this week.

Barbara's parents smiled and thought of tomorrow,
So must have God.

For God rejoices in a child's faith,
Knowing that gradually it will grow wiser—
Though it cannot ever be more sincere.
And He smiles lovingly at what we are today,
Knowing, all the while, what we can become tomorrow!

Is your child—are you—growing in the faith of your church?

Canoe and Boat Registration Rules

By Jim Martindale
DNR Law Enforcement Div.

Confusion persists about boat registration requirements in Michigan, even though the law has not changed since 1975.

The boat registration law calls all boats, canoes, sailboats, rowboats, and paddle boats "vessels." Vessel is defined as, "every description of watercraft, other than a seaplane on water, used or capable of being used as a means of transportation on water." (Section 6b, Act 303, P.A. 1967).

Most vessels used in Michigan must be registered. The vessels requiring registration include:

- any vessel 12 feet or over in length used for commercial purposes, such as a boat or canoe livery; (Canoes without motors do not have to be registered, unless they are rental canoes from a livery).

- motorboats of any length, including vessels powered solely by electric trolling motors;

- sailboats 12 feet or more in length;

- rowboats over 16 feet in length.

Boat registration can be handled through a local Secretary of State Branch Office. Each person registering fills out the proper documents, pays the required fee, receives a certificate of number and two decals indicating that the registration is current. The certificate of number shows the letters and numbers that must be displayed on the vessel. Informational brochures are available, explaining the correct way to display the letters, numbers and decals on the vessel.

Questions about various registration fees should be called ahead to the local Secretary of State Office.

Other questions concerning boat registration can be addressed to the local Sheriff's Department, the local conservation officer, or to DNR Law Enforcement Division, P.O. Box 30028, Lansing, MI 48909, Phone (517) 373-1650.

Public Hearing July 30 on Air Pollution Controls at Weyerhaeuser Plant

The Michigan Air Pollution Control Commission will hold a public hearing Monday, July 30, on a consent order for bringing the Weyerhaeuser flakeboard plant into compliance with particulate and visible emissions limits. The DNR air quality division says the plant has been in violation of particulate and visible emissions limitations since it began operating in August, 1982.

The DNR is recommending the Weyerhaeuser Company enter into a consent order with the Air Pollution Control Commission to abate its particulate and visible emissions from dryers and wood waste furnaces to comply with commission rules and all conditions under Permit to Install No. 435-80. The consent order describes a program for Weyerhaeuser to study dryer, furnace, and board press operations to provide information for any necessary control equipment additions or operational improvements to achieve compliance with air pollution rules by August 15, 1986.

The commission will tour Weyerhaeuser from 1 to 3 p.m. July 30 and start their regular meeting at 7 p.m. at the Holiday Inn. The public hearing concerning Weyerhaeuser is the sixth item on the agenda.
